EXECUTIVE DIRECTOR'S STATEMENT

Dear Solar Friends and Partners,

Well, we did it! We not only hit but we surpassed our **One Million Lives Impacted** mark in mid-2022. How brilliant is that? At the close of 2022, thanks to your support, 1,120,000 lives have been brightened. Wow!

Thousands of patients every month visit 77 rural health clinics **solar-electrified** by Let There Be Light International! 6,600 students, elders, parents and people living with disabilities received **safe solar lights**, impacting an additional 35,600 people! And, 5,000 mother/infant pairs have received solar lights through our maternal and infant health project, Safe Births + Healthy Homes (SB+HH). Over the past 8+ years, Let There Be Light International (LTBLI) has implemented 230 solar projects in Uganda, Kenya, Malawi and Rwanda in partnership with 12 grassroots organizations embedded in their communities.

Follow us on social media and in our newsletters to hear about our site visits in March 2023 and our efforts to scale up our Lights 4 Literacy project thanks to a volunteer team from UPenn's Wharton Global Impact Consulting group. And, in July 2023, I once again will be participating in the High Level Political Forum with the UN NGO Major Group as an expert on SDG7 (energy).

Thank you for lighting lives and SHINE ON!

2022 BOARD OF DIRECTORS

SARAH BAIRD
EXECUTIVE DIRECTOR, LTBLI

1 MILLION
LIVES IMPACTED

LTBLI'S 2022 SOLAR PROGRAMMING IN UGANDA, KENYA, MALAWI AND RWANDA

6,625

**Solar Lights donated to
vulnerable off-grid
families**

**35,775 people
in 6,625 homes
use their new safe
solar lights**

15

**Rural Off-grid Health Clinics
Solar-Electrified**

**136,018 people
live in the areas served by the
14 Health Clinics**

(Left) Children in the Mbale region of Uganda doing their lessons at home with a solar light.

(Right) A newly solar-electrified health clinic in the Amolatar District of Uganda where new mothers receive a solar light for use at home.

1,120,000 people

living in off-grid communities have been impacted by LTBLI's solar programs over the past 8.5 years.

Safe Births + Healthy Homes 2019-Present

[Read more about the SB+HH project on our website.](#)

6 solar-electrified health clinics in 4 rural districts participate in our sustainable maternal and infant health project

Improved **birth outcomes** during delivery and **safer homes** for solar participants

6,012 mother-baby pairs have received solar lights for infant care at home

Scalable/replicable project supported by ongoing data collection and testimonials

Lights 4 Literacy 2020-Present

PRIMARY IMPACTS

- IMPROVED HEALTH AND SAFETY
- RAISED SOLAR AWARENESS
- INCREASED WOMEN'S EMPOWERMENT
- ENHANCED EDUCATIONAL OUTCOMES
- IMPROVED HOUSEHOLD ECONOMIC STABILITY

Solar lights and books donated to school children

1,075 students impacted in 2 years

Literacy and Solar training for parents and teachers

Scalable/replicable project
